

## What is a Poster?

A poster presentation is a graphic presentation of a project, program, concept or idea. It is presented on an poster board area of 4' (high) x 8' (long). Printed material, photos, charts and other graphics can be mounted with pins or velcro.

### Presentation Schedule

The posters will be allocated specific viewing times during the conference. The poster presenter is asked to be available at the poster to discuss the poster with conference attendees. These times will be posted soon.

### Poster Topics

Poster topics may tie with the 11 topic areas on which the conference is focusing. They include:

- \* Urban Design; Site and Landscape
- \* Construction
- \* Materials
- \* Residential
- \* Commercial
- \* Institutional
- \* Interiors
- \* Process
- \* Sustainability
- \* Economic and Business
- \* Cross Borders

### Reduced Registration Rates for Poster Presenters

Selected Poster Presenters will be given a reduced registration fee of \$350.

### Paper Presentation/Presentations for Posting

It is not required that a formal paper be provided. We do request that an overview or outline of the presentation be provided that will be included on the conference CD. A formal paper is welcomed and will also be included on the CD if provided.

### Due Dates

The date of **June 28** is to submit your poster presentation abstract submission for review and consideration by the Program Committee. Once accepted as a Poster Presenter you will have until the date of conference to prepare the actual poster.
